

FREE 4-YEAR ALLOTMENT CROP ROTATION PLANNER

Record what grows in each bed or zone, then use the sheet to move the main crop groups around the plot each year.

Plot / Garden:

Starting year:

1. YOUR 4-YEAR ROTATION

Write the main crop group grown in each area. Move the important groups where practical rather than trying to make every crop fit a perfect rotation.

Bed / Zone	Year 1	Year 2	Year 3	Year 4
1				
2				
3				
4				
5				
6				

2. QUICK CROP GROUP KEY

LEGUMES

Peas, broad beans, French beans, runner beans

BRASSICAS

Cabbage, kale, broccoli, sprouts, cauliflower

POTATOES / TOMATOES

Potatoes, outdoor tomatoes

ROOTS & ALLIUMS

Carrots, beetroot, parsnips, onions, garlic, leeks

Priority: pay most attention to potatoes/tomatoes, brassicas and alliums if space is limited.

3. PERMANENT CROPS & FIXED AREAS

Rhubarb: _____

Strawberries / fruit: _____

Asparagus: _____

Herbs / other: _____

4. NOTES FOR NEXT SEASON

Problems, changes, failed crops, extra space needed...

KEEP IT PRACTICAL: move the main problem-prone crop groups, look after the soil, and do not abandon the plan just because one bed changes.
